KEY FEATURES AND BENEFITS FOR #42710/2/3 AND #8/92710/2/3

With a unique combination of features, this pair includes time-saving options and specialty cycles.

Adaptive Wash Technology – This feature senses the needs of each load and adapts wash actions, so members’ clothes always look their best and colors stay vibrant.

Precision Dispense – To deliver optimal fabric care, Precision Dispense holds detergent and additives and releases detergent at the correct time during the cycle. Detergent mixes with water to penetrate fabrics.

12-Hour FanFresh® Option with Dynamic Venting Technology - A built-in fan activates after the wash cycle is over, tumbling clothes for up to 12 hours so you can wash and dry a small load right in the washer.¹

Stainless Steel Dryer Drum - The drum’s stainless steel construction presents a smooth surface that helps deliver ultimate gentleness, cradling clothes as they tumble.

¹Based on a 2-lb load of lightweight fabrics.

KEY FEATURES AND BENEFITS FOR #42512/3 AND #8/92512/3

For members who would like to cut down on ironing, point out the features below.

TumbleFresh™ – To help prevent wrinkles from setting into wet clothing, this washer option tumbles clothes periodically for up to six hours after the cycle ends.²

Wrinkle Shield™ Plus with Steam – This option adds bursts of steam for additional wrinkle-fighting power and activates after the dryer cycle ends.

KEY FEATURES AND BENEFITS FOR #42112 AND #8/92112

For members who are looking for a washer and dryer that won’t damage or shrink clothing, this pair is an excellent option.

Smooth Wave Stainless Steel Wash Basket – The wash basket gently guides clothes through the wash cycle and helps protect fabrics from frays and snags.

Advanced Moisture Sensing – Designed to reduce overdrying, built-in sensors monitor moisture levels and signal the dryer to stop once the load is completely dry.

SALES TIP

If members say they’re pressed for time, let them know that #42710/2/3 has a cycle that allows them to skip the dryer step completely. Wash & Dry tumbles small loads for up to 12 hours so they can be washed and dried right in the washer. This means members can toss a load in the washer in the evening and have their clothes dry and ready to wear the next morning.

²Intermittent tumbling in the washer helps reduce the growth of odor-causing bacteria.
